

## The Evolution Theory is a lie and it's danger of racism!

Revised 31 Aug 2010 – Check by date for a new updated version on:

[www.yhwhservants.com](http://www.yhwhservants.com)

**The following is a scientific fact: 'Nothing' can't produce 'something' unless it is a miracle of God.**

Why is the Evolution **Theory** so important that all people are **forced** to believe it? In the schools and universities students are **forced** to believe in this theory. On a regular basis the Evolution Theory is presented on television to such an extreme degree that one may call it 'brainwashing'. What advantage does it hold for humans worldwide? Did you ever ask yourself the question, why this big issue about evolution?

YHWH's Servants reject the Evolution Theory. The scientific facts proving these theories as false are so overwhelming that no panel of University evolutionist professors are able to counter it – they avoid the confrontation because they cannot argue against these scientific facts which prove that evolution is a lie.

On various occasions 'open challenges' were requested by Creationists such as Kent Hovind. Even money were offered to these evolutionist university professors to take part in such challenging open debates in front of large audiences, but they refused. Instead, these university professors always only present one-sided and faulty arguments to uninformed students (*victims of mental oppression*) who must eventually pass their exams. Thereby a new wave of faulty reasoning is started. If these student victims dare question the 'authority' they will be failed. Thus, these university professors ride on the back of the authority given to them. Students are being manipulated by teachers who deliberately avoid certain important scientific facts.

Obviously these evolutionist teachers follow an atheistic approach, and are worried that the fallacy of their teachings will come to light.

**The standoff is as follows:** On the one side there are the 'Evolutionists' (majority atheist) professors and teachers who get all the jobs in the 'education system', and on the other side, there are the 'Creationists' who are religious and want to debate in public and challenge the 'Evolutionists' with **all scientific facts proving the Evolution Theory as false**. Obviously 'Creationists' do not get the jobs as teachers in the education departments/schools worldwide. We have heard of many 'Creationists' lecturers who were fired because of their opposing beliefs. Kent Hovind, a former teacher in the USA and expert on the subject of Creation and Science, are now locked up in prison for 'Tax evasion', but the truth is that he was 'put away' because he became such a major threat to the credibility of the Educational Department that the authorities simply had to lock him up, and tell the world he is in jail for something else. Kent Hovind exposed many lies in US school text books and placed pressure on local authorities to have the lies removed, and for this he was eventually locked up. Is this not proof that something is very, very wrong?

Evolution is a faulty and unproven 'theory'. In fact most scientific facts prove the Evolution Theory is false. **But these 'contrary' scientific facts are being withheld by the Education system.** School text books, teachers, lecturers, and professors with their faulty text books are corrupting our young influential generation with lies. These lies have a satanic motive behind it, and the reason is as follows...

Understand that the whole human society is heading towards the **Anti-Christ's New World Order** as prophesized in the Bible. New generations are being prepared for this through the schools and universities throughout the world. In order to have a 'One World Community', religion must first be destroyed – this is obvious. Religious people believe in a higher

super natural power, a Creator. If the *'Supernatural – God-Creation religion'* is replaced with the atheistic evolution theory (in other words denying the existence of a Creator) obviously less people will be religious. (People with no or only a little understanding of creation as explained in the Bible are subject to the evolution theory.)

Why the big issue about denying the 'Creator – YHWH'? It's simple: If there is a Creator it means there is a all-powerful Being who made rules. Atheists and the children of Satan do not like YHWH's Laws, their objective/solution is to discredit the Bible and get rid of the Creator, YHWH. The Evolution **Theory** is part of Satan's counter attack.

This satanic onslaught against the Creator, YHWH, His laws, and the Bible is a **systematical onslaught over many generations**. Satan will not change things too fast with immediate effect, since that will lead to instant resistance and rejection from the followers of the Messiah. By gradually influencing and slowly degrading every generation, a bit more than the previous, a slow but steady decline in Biblical moral standards can be witnessed, steadily breaking down Biblical truths. Degrading music and movies has also primarily been used by the children of Satan to accomplish this. (Find out who controls the Media). The onslaught is now in full swing with Satan being in control of the 'education system' as well. By targeting young minds, the new generations (our children), who would soon become the new decision makers making the new Government Laws, Satan is slowly winning this onslaught – just as stated in the Bible. There exists an 'unseen evil power' ordering the systematical removal of 'Christianity' from schools. By removing 'Christianity' and by the forced implementation of the Evolution Theory, new generations simply cannot be religious and cannot abide by our Creator's rules. This is the mass destruction of religion (the belief system of YHWH's children), and the mass production of atheists. This has already happened in most European countries. Ever wondered why recent generations in Europe became atheists so fast? The answer lies in the education of the youth, the adoption of the Evolution **Theory** as if it is an irrefutable truth of life!

**Now the catch:** Who is *'Joe/Jane Average'* to argue against teachers or even worse, university professors? This would be unthinkable! What is presently happening is that everyone simply agrees with everything they say without question. This means that people do not think for themselves or explore other options.

What if these teachers and professors, who are puppets of the massive schooling system themselves, are subject to a powerful force, instructing them what to teach and what not to teach? Remember that these teachers and professors are simply small fish in a powerful education system. These teachers and professors are simply 'career people' who want to safeguard their jobs and satisfy their bosses. Who would dare argue against the employer if it would endanger your reputation, career, income and pension? They are in chess-mate!

Many teachers admit, 'off the record', that they do not agree with much of what they are being forced to teach their students, (victims of mental oppression) they do not have a choice but to do as they are being prescribed to.

The schooling system does not allow for individual thinking – the aim of the New World Order is mind control and in this case to control the people (masses) through the education system. The education system is used to get rid of YHWH's Will and Moral Standards and to replace the latter with the Atheistic New World Order society.

**We have a question for Pastors, Ministers, and Priests of 'righteousness' who promote the Evolution Theory:** Please do show us in the Holy Scriptures of YHWH where it mentions or implies evolution? If you fail to produce Biblical evidence of Evolution (there is no Biblical proof) then please stop promoting evolution.

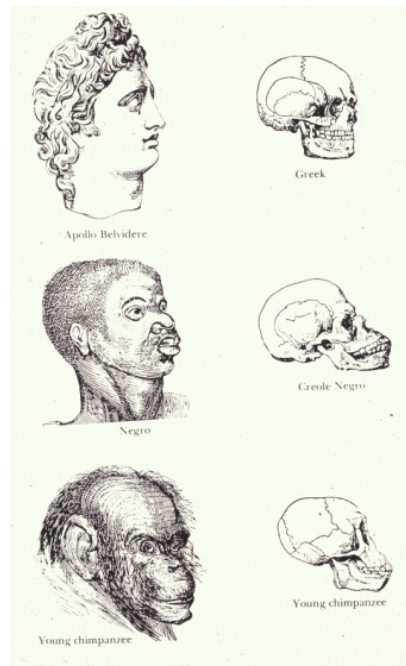

## The dangers of Evolution regarding Racism

Think about these following frequently asked questions by some scientists promoting the Evolution Theory:

Did Africans Evolve from baboons?

One cannot reject scientific facts: **Scientifically** there is a **major** difference between Africans and Ethnic Europeans such as shape of the skull and weight of skeleton, in eye color, skin color, hair, shape of nose and lips. What about the fact that many Africans have larger jawbones and some have flatter foreheads – similarities with ‘baboon features’ if viewed from the side as the scientific image below suggests.

*Top to bottom: White European, Black African, African Ape*

Some scientists point to the fact of this resemblance of some African skulls and apes as evidence of evolution, as can be seen in the image above. Why does Ethnic Europeans have such a decidedly different appearance compared to black Africans? What about the fact that the BEST ‘proof’ of evolution comes from Africa which is of course the native home of Africans only? The following is quoted from the Cradle of Humankind (located in Gauteng, South Africa) website: *“These cave sites ....The scientific value of this area lies in the fact that these sites provide us with a window into the past, to a time when our earliest ancestors were evolving and changing. Through the use of biochemical evidence they have argued*

*that the split of the human lineage (Hominidae) from that of the African apes took place around 5-6 million years ago".* Now, in our modern time, whenever a 'fresh skeleton' is found (such as at a crime scene) it's easy to see the difference between that of a European and African skeleton – that's because of **difference**. Remember, these are some statements used by some evolutionists.

Evolutionist Scientist also argues that the reason for the extreme difference in skin color between white people and black people is as follows: Africans are black because of the heat/sun in Africa, and Ethnic Europeans are white because of the lack of sunlight in Europe's wintertime. But then what about the Arabs living in the desert where there is even **more** heat/sun compared to Africans living in Southern Africa, Why then did the Arabs not evolve to be darker/blacker than Africans?

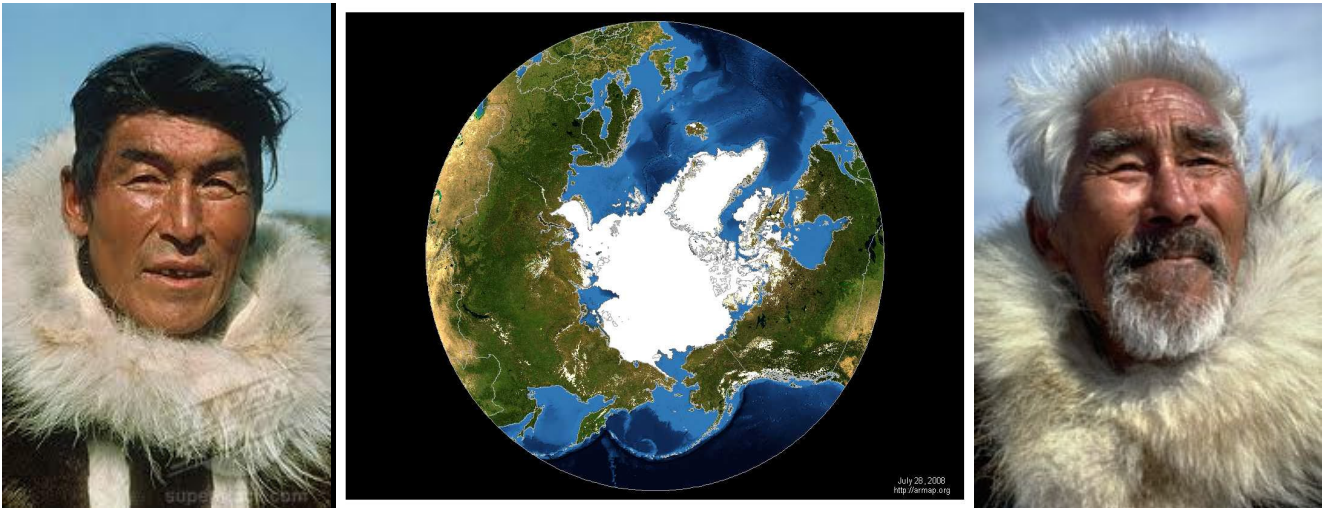

**Left:** Ethnic European, lack of sunlight during wintertime. **Centre:** African, sunlight in Southern Africa **Right:** Extreme sun in Mid-Eastern deserts. Why do even the Southern Africans have darker skin than the Arabs, if the latter have more sun?

Eskimos are indigenous people who live in the Arctic. It is estimated that Eskimos lived in the Arctic or sub-Arctic regions for more than 3 000 years. [Some Archeological remains have been found dating back more than 12 000 years (???) In the eastern European Arctic, Paleolithic settlements have been recorded from as early as 40 000 (???) years ago]. The Arctic is the region around the North Pole, usually understood as the area within the Arctic Circle. It includes parts of

Russia, Scandinavia, Greenland, Canada, Alaska and the Arctic Ocean. During winter, the whole area is normally covered with ice and temperature easily drop to minus 60° C.

There are six months of constant darkness at the Arctic Circle. Although there are also prolonged daylight periods during the summertime, because of the low angle of the sun above the horizon, sunlight is still minimal throughout these regions compared to Europe. Why then did these indigenous people not evolve to become super white, with lighter features than Ethnic Europeans? But Eskimos have dark (genes) features. Why did their eye and hair color not change to become lighter than those of Scandinavians?

**Above:** Images of Eskimos in the Arctic who are living further north than the Scandinavians; note the dark features of eyes and hair etc.

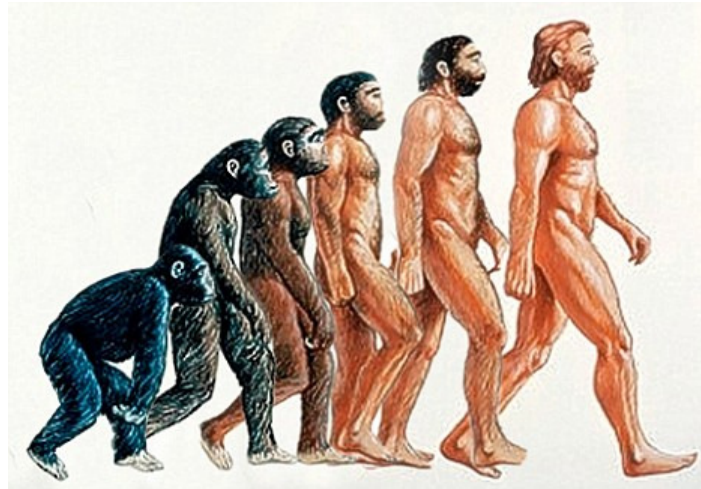

**Above:** Why did the eyes of Chinese and Japanese 'evolve' different when compared to other races? Is this because they live where the sun comes up? Evolution is utterly ridiculous.

Scientists want to believe in evolution, but they cannot prove it. Ask yourselves how did the eye evolve, from total blindness to being able to have vision? Do you know how complex the eye is?

To get back to the question, 'Did Africans evolve from Baboons?': Can you now see the danger of evolution in this? There is already too much racial hatred – the Evolution Theory is dangerous and un-Biblical. The Evolution theory is a lie.

Evolutionist scientists use images such as this one above, trying to prove evolution in Africa. Does this image of evolution suggest a person must be white to be fully evolved? Does this imply black people are not fully evolved yet? Darwin and his disciples were not only pseudo-scientists, but they might have been radical racists too! The unreasonable, un-Biblical, unscientific philosophy of Darwin and his disciples laid a foundation for hundreds of years of hatred, barbarity and unbelief reaching into the future to affect millions of innocent lives.

If Darwin were alive today, he would be hooted out of the scientific community because he was not a trained scientist and because of his outrageous views about black people. Darwin thought that blacks were closer to man's ape "ancestors" than the white race!

Darwin's disciple, T. H. Huxley, wrote: **"It may be quite true that some negroes are better than some white men, but no rational man, cognizant of the facts, believes that the average negro is the equal, still less the superior, of the average white man. The highest places in the hierarchy of civilization will assuredly not be within the reach of our dusky cousins...."**

Henry Osborne, who was professor of biology and zoology at Columbia University, said that blacks were further back on the evolutionary ladder (nearer the apes) than whites, and: **"The standard of intelligence of the average adult Negro is similar to that of the eleven-year-old youth of the species Homo sapiens."**

Edwin Conklin, professor of biology at Princeton University and president of the American Association for the Advancement of Science, said that blacks had not evolved as far as whites and: **"Every consideration should lead those who believe in the superiority of the white race to strive to preserve its purity and to establish and maintain the segregation of the races, for the longer this is maintained, the greater the preponderance of the white race will be."**

The major haters of the last 100 years have been evolutionists. Men like Hitler, Mussolini, Marx, Engels, and Stalin were all outspoken evolutionists and these people and their theories have been responsible for the slaughter of multi-millions of people, and the destruction of freedom all over the earth. It is amazing that so many liberals, radicals, fascists, communists and the easily impressed worship at Darwin's shrine.

Yes, the foundation of racism, hatred and violence in the last hundred years is based in evolutionary teaching.

## The Evolution Theory is a Religion

Evolution is basically a religious philosophy. Both creation and evolution are religious views of life upon which people build their particular models of philosophy, science or history. The issue, therefore, is not science versus religion, but **religion versus religion**.

Evolution is a belief system about the past based on the words of men who were not there, but who are trying to explain how all the evidence of the present (that is, fossils, animals and plants, etc.) originated. (Webster's Dictionary defines religion as follows: "... **cause, principle or system of beliefs held to with ardor and faith.**" Surely, this is an apt description of evolution. Evolution is a belief system - a religion!

The Evolution Theory **contradicts science!** It's a **scientific** fact that 'nothing can't produce something'. But the evolution theory states that everything evolved from **nothing!**

Evolution is a **theory of desperation** for those that refuse to accept the obvious which is that we were created for a purpose. To believe in evolution requires faith because the origin of life and the production of new information through mutation have not been demonstrated under any conceivable circumstance. Evolution has unquestionably been spawned by atheistic philosophy and is the key instrument used by secular humanism to explain the existence of humans independent of God.

Evolution is a belief about history. It involves events that cannot be repeated or reproduced in the laboratory, so it does not depend on science in the usual sense of the word. The principle definition of religion is, "**a set of beliefs concerning the cause, nature, and purpose of the universe,**" so while evolution fits the definition of a religion it is not science in the sense that chemistry and physics are science.

Michael Ruse, a well known evolutionist, scientist, and defender of evolution wrote: "**My area of expertise is the clash between evolutionists and creationists, and my analysis is that we have no simple clash between science and religion, but rather between two religions.**" { Michael Ruse, The Evolution-Creation Struggle, 2005, p. 287, as quoted by Henry M. Morris in ICR's Back to Genesis, Feb. 2006}

### **A Biblical perspective. The following is an extract from '14 Points of YHWH'**

(This complete PDF document can be downloaded from the website [www.yhwhservants.com](http://www.yhwhservants.com) (Click on "Download Educational PDF's" - button and select from list)

**11 -Yahweh's creational power, God is racially aware;** We acknowledge the creational power of Yahweh, rejecting evolution as a Satanic lie to undermine Yahweh's power of creation. Yahweh created all the various races differently for a reason, the **why is not important** but they are different because that is the way Yahweh wanted it to be. If Yahweh wanted all races to be exactly the same, Yahweh would have created them all exactly the same right from the beginning, the fact is that **YHWH did not**. The diverse racial creations of Yahweh means **God is racially aware**, thus we also **MUST** be racially aware. Yahweh's unique diverse racial creations must be respected and preserved; **Destruction of YHWH creations are not respect nor love.** Destruction of God's genetically diverse creation is a sin. How can one love Yahweh, but want to destroy His creations? Unique genes created by Yahweh, that are not yet mixed or altered through human racial intermixing, especially those threatened with extinction must be respected and preserved in their original form. Those who are already of mixed race have no reason for the remaining original genes to also be destroyed through further racially mixed marriages. All original genes as created by YHWH, whether they are African, Asian, European etc. must be preserved.

As stated, the 'Adamite-Genes' (*genes with the ability to bring forth long, light/reddish hair and also with the ability to blush; Adam, Esau and King David*) also created by God, are now less than 12% of the world's population and rapidly declining. At the present rate of **indirect forced race-mixing** these threatened genes will be totally extinct within a couple of generations. Ask yourself; is this God's Will, for us to destroy His genetic creations? Racial intermixing (having children) is the ultimate form of destruction of Yahweh's unique diverse human genes. It is thus essential to have children only with someone of your own race. The Biblical solution is 'kind after kind' stated many times in Genesis Chapter 1 and the logical solution is not to have children with someone of another race. God established boundaries between different nations. Read [Acts chapter 17 verse 26](#); "...all nations of men for to dwell on all the face of the earth...and the BOUNDS of their habitation". This is preservation, NOT hate – but it is hate to destroy a species threatened with extinction. It is simple, to destroy genes that can never be re-created through racial intermixing is destruction, destruction is hate not love, and is a sin against God. Even right up to the end, separation of different nations is being mentioned; [Matthew chapter 25 verse 32](#); "And before him shall be gathered **all nations**: and he shall **separate** them one from another..."

Note that in the following scripture regarding interbreeding, cattle is mentioned; [Leviticus chapter 19 verse 19](#); "Ye shall **keep my statutes**. Thou shalt **not** let thy cattle gender **with a diverse kind**..." Different breeds of cattle can reproduce -if allowed, the same is the case with humans, different races can reproduce if allowed, but in (Lev 19:19) such interbreeding is prohibited. Race mixing will lead to the **destruction of all various diverse races –the result will be a One World uniform people – all being the same 'uniform brown mass' with absolutely no racial diversity, A PRODUCT OF THE SATANIC NEW WORLD ORDER, –this is NOT the diversity YHWH created and it is NOT YHWH's Will.** Remember YHWH's actions at the tower of Babel? Note that in (Lev 19:19) the word **diverse** is mentioned. Satan is always trying to destroy all of YHWH's Will (diverse creations). Remember YHWH is the One who created racial diversity. At the end YHWH still recognize different Nations (Mat 25:32). Our choice is either to respect YHWH's diverse racial creations and preserve it as originally created or otherwise not to respect it and promote destruction of different unique human genes through race mixing. We believe there is a **difference** between 'racial awareness' and 'racism'.

-**Racism** =Hatred. This is unacceptable.

-**Racial awareness** = Acknowledging the fact of the existence of different races. This is a scientific fact, not hate. YHWH our Creator of all various races is racially aware.

YHWH's Servants hereby pledge all the various races to **respect** each other and also to unite in the **preservation attempt of YHWH's diverse racial creations**. Let us stop arguing about the reasons why YHWH created different races –that is God's Will and it is not for us to argue about, it only causes friction and fighting. Remember that there is a balance between the physical and spiritual. We are now living in a physical world created by YHWH where He placed us in control over His creation. God explained to us His Will in Genesis. We have a great responsibility towards YHWH to preserve His creations. [Leviticus chapter 19 verse 19](#); "Ye shall **keep my statutes**..." **Kind after kind**. YHWH gave every race, something different (genes), but unique to preserve. Africans was given different genes compared to Ethnic Europeans, compared to Chinese, compared to Japanese. It doesn't matter what race, –we are all custodians of unique genes created by YHWH. Destroying YHWH's unique genes, that He created Himself is a sin.

**Doesn't matter how one look at it, they just don't match...**

**Dangers of race mixing!**

Given the **small number** of black-white marriages, it's curious how many of these marriages end in murder or extreme domestic violence. Every month or two, there is a story on the news (especially the US) about another multi-racial marriage gone horribly wrong. It often takes some effort to spot the black-white marriage disasters. The newspaper stories invariably leave out the race of the murderer and victim for 'politically correct' reasons, but someone familiar with racial reality can usually spot a suspicious story and easily find out the race of those involved.

This is supposed to be a short summary, thus not many examples are used. One example is that many black men consider the white wife a "trophy" which conveys to him a status as something special. Invariably cultural differences arise in the marriage that leads to separation. The loss of the white woman then is a loss of status and a sign of his failure as a human being unworthy of having a white wife.

To get back to the lie and danger of the Evolution Theory: YHWH's Servants are however not the experts in the presentation of Creation Science, thus we advise the following websites below. Order these excellent highly recommended educational documentary DVD's. Some of these productions can be viewed directly on the internet.

**Please note:** YHWH's Servants do not agree with all information of other websites, however we advise only the specific subject mentioned. Some differences are...

**YHWH's Servants** do believe that the entire planet was under water before the creation of man (Gen. 1:1-10), but the flood in the time of Noah was a local flood of the then 'known world.' Only those who received the Law of YHWH were able to sin –sin is transgression of the Law. YHWH destroyed only those who transgressed His Law. Other nations worldwide who did not receive the Law of YHWH were not destroyed at the time of the flood, because they were not subject to the Law of YHWH, thus not liable for destruction.

To get back to the Evolution Theory: Kent Hovind does supply good explanations why evolution is a lie.

The viewer's own discretion is thus advised. You will notice that some of the listed websites might even have some conflicting opinions on various topics. The idea is to get some truth out of all the winds of confusion. Good Luck!

[Creation Science Evangelism](#) visit [www.drdino.com](http://www.drdino.com)

### **The CREATION SERIES by Kent Hovind**

**Released in 2007 by Creation Science Evangelism:** This is a teaching series by Kent Hovind about creation versus evolution. The entire series is over 15 hours long on 7 DVD's. Hovind presents great truths from the Bible that will encourage your faith and clearly show God's account for creation is 100% correct. This series completely destroys evolution and any other false teaching associated with it. This is a very good series for middle school age groups and up with plenty of visuals to support the teaching. You can purchase the DVDs individually or by the box set. There are 7 DVDs in the series as follows:

- #1 - THE AGE OF THE EARTH - presents the earth as being created by God about 6000 years ago and will increase anybody's faith that the Bible is the word of God. This is a great message about this topic.
- #2 - The Garden of Eden - presents additional information about creation and answers the question of why man lived longer back in the early days of the Bible.
- #3 - Dinosaurs and the Bible - presents the fascinating truth about dinosaurs and will show why they were not around 70 million years ago.
- #4 - Lies in the Textbooks - Hovind cites articles of interest from public school textbooks to show how evolution is dominating the school systems.
- #5 - Dangers of Evolution - Another interesting study about how evolution has influenced world leaders and dictators.
- #6 - The Hovind Theory - interesting insight into Noah's flood.
- #7 - Questions and Answers - Kent Hovind answers questions about creation and evolution.

[Kent Hovind's videos can be viewed on YouTube as well as on Video.Google. You can also try \[www.christianfilms.com\]\(http://www.christianfilms.com\)](#)

If you have received this as a hard-copy pamphlet, please check on our website, [www.yhwhservants.com](http://www.yhwhservants.com) **'The Evolution Theory is a lie & it's danger of evolution!'** It can be downloaded free –click on the 'Free Educational PDF's Button' on the homepage and select the above mentioned topic from the list. There is no copyright and the PDF file can be e-mailed to others. This is of utmost importance –educate yourself and inform your kinsmen about the dangers of evolution.
